Djakarta SAM Site B29-2 is located 13.5 nm NW of Djakarta and on the north edge of Kam-pungmelaju, at UTM coordinates QR788127. The SA-2 site is complete and double fenced, and consists of 6 occupied launch revetments, 3 with launchers supporting missiles and one with a canvas-covered launcher; an occupied guidance revetment with a FAN SONG radar and 4 short and 2 long van trailers (a cable and cable scars

connect the trailers, radar, and launchers); 3 empty missile-hold revetments, each with an associated bunker; 8 canvas-covered missile transporters; and one uncovered, empty missile transporter. Support facilities consist of 5 barracks, 3 administration buildings, 2 probable vehicle-storage buildings, and 2 small storage buildings. One probable POL truck and 2 probable utility trailers are also observed.
